Role and responsibilities

- Frontend Developer Intern | Travel Agency Client Company Collaborated with cross-functional teams to enhance the travel booking platform, ensuring seamless user experiences. Leveraged HTML, CSS, and JavaScript to design and develop responsive web pages, optimizing site performance. Implemented React.js to create dynamic, interactive components, such as booking forms and itinerary displays. Assisted in optimizing SEO strategies, improving search rankings, and increasing organic traffic. Resolved UI/UX issues and bugs, maintaining the site's reliability. Seeking to bring my passion for web development and creative problem-solving to a dynamic team post-internship.
